

FOCOS

SECOND ANNUAL

Leadership Gala

MONDAY, OCTOBER 5, 2009

**THE MARRIOTT MARQUIS HOTEL
NEW YORK CITY**

"Turning Compassion into Action"

ABOUT FOCOS

FOCOS (The Foundation of Orthopedics and Complex Spine) was founded in 1998 by Oheneba Boachie-Adjei, M.D., to provide comprehensive orthopedic care to underserved communities in Africa. An international team of volunteer surgeons and other medical providers has evaluated thousands of patients and performed hundreds of corrective procedures to alleviate a life of pain and suffering.

In 2004, **FOCOS** opened an outpatient facility, The Watson House in Accra, Ghana. A capital campaign is underway to establish The **FOCOS** Orthopedic Hospital and Rehabilitation Institute. The cost of construction, equipment, and short term operations is approximately \$8.5 million and to date, half that amount has been raised. **FOCOS**, while providing healthcare services, strives to help local communities establish the building blocks necessary for independent sustainability.

The 2009 Leadership Gala recognizes and honors our sponsors, donors and volunteers. The Gala is generously underwritten by a Friend of **FOCOS** so your entire donation is allocated to the hospital and its services.

BOARD OF DIRECTORS

Oheneba Boachie-Adjei, M.D., President and Founder

Anna M. Boutzalis, CPA
